

TERMS AND CONDITIONS OF PROCESSING PERSONAL DATA BY TECHJET

We care about the safety and confidentiality of all provided data. It is a very important matter for us. We do not sell the collected data to third parties. These terms and conditions include the provisions applicable in the event of collecting and processing personal data.

Collecting personal data is performed in accordance with applicable laws, i.e. the Act on Personal Data Protection of 29.08.1997; consolidated text: Journal of Laws of 2016, item 922 and the Regulation (EU) No 2016/679 of the European Parliament and of the Council of 27 April 2016 on the protection of individuals with regard to the processing of personal data and on the free movement of such data, and repealing Directive 95/46/EC.

Personal Data Processor

Personal data is administered by TECHJET Sp. z o. o. with its registered office in Gdynia, al. Zwycięstwa 96/98/C5, 81-451 Gdynia, entered into the register of entrepreneurs of the National Court Register kept by the District Court of Gdańsk-Północ in Gdańsk, 8th Commercial Division of the National Court Register under KRS number 0000540873, NIP: 5862293445, REGON: 360246883.

Use of data

By completing the website form you are willingly and knowingly providing your personal data. We shall not verify whether the data are accurate, and it shall be processed in accordance with the clause enclosed to the form. Personal data are collected for the three following purposes:

1. Providing information in response to the received message or call

Such type of enquiry involves processing personal data only for this purpose, and the method as well as period of retaining thereof depend on the enquiry nature. Personal data may be transferred to other entities, provided it is necessary for responding as well as preparing and submitting the proposal.

2. Marketing purposes

Processing personal data for marketing purposes covers sending a TECHJET guide; a newsletter that contains information on the waterjet technology, TECHJET company, up-to-date promotions and amendments within the personal data processing terms and conditions. A standard personal data retention period is 10 years. However, you have the right to demand suspending the data processing as well as retaining thereof.

3. Performance of agreements and order completion

This case involves processing personal data only for this purpose, and the method as well

as period of retaining thereof depend on the order nature, warranty period etc. Personal data may be transferred to other entities, provided it is necessary for the agreement performance or order completion. Agreements may include additional provisions on personal data processing.

Transferring personal data to third parties

Contact data may be transferred to third parties only for the purposes of providing a response to an enquiry, completion of orders or upon receiving an explicit consent, for instance on letters of reference. As a rule, personal data shall not be transferred outside the EEA territory.

Anonymous statistics and “cookie” files

Data in the form of the so called “cookies”, which allow for an automatic recognition of your computer during the next visit, may be stored on your computer while browsing our website. If you do not wish to receive cookies, please configure your browser to delete, block or warn each time this type of file is about to be stored.

Anonymous statistics may be used for research and surveys. All this aims at understanding your needs and requirements related to our company’s offer. If you do not agree to such data use, we shall respect your decision.

Please note that in case of browsing our website, the IP of your computer and user data related to the presence on our website will be generated automatically. In some cases, the electronic data may be associated with personal data. This type of data is subject to Polish law. In order to prevent automatic data collection, please change the settings of your browser.

By visiting our websites, we may also receive the so called non-personal data, which appear automatically in our IT systems (browser type, operating system, website domain address, number of visits, average time spent, browsed websites and sub-sites). This type of data will be used only for analysing the attractiveness and functionality of our website.

Data safety

We hereby declare that TECHJET company shall endeavour to protect the collected data, process them in accordance with the Privacy Policy of TECHJET and not to disclose the data in an uncontrolled way. This shall be exercised through our technical protection measures, internal regulations and contracts with counterparties that allow sending paper-based mail or completing an order or performance of a binding agreement.

The transferred personal data shall not be disclosed to other entities, except those having a legal basis. The website administrator has applied due diligence in order to properly secure the received personal data, in particular to prevent their disclosure to unauthorized persons.

The IT system which is used for personal data processing meets the requirements of Regulation of the Minister of Internal Affairs and Administration of April 29, 2004 on the documentation of personal data processing, and technological and organizational conditions which shall be met by devices and IT systems used for personal data processing (Journal of Laws no. 100, item 1024).

User rights

User is entitled to access the Personal Data and to update or correct thereof as well as to withdraw the consent or object to processing their personal data without giving any reason. The Administrator ensures the right to delete the User's Personal Data from the Data Set at each user request, and in other cases under the applicable law.

Contact details

Should you have any questions, remarks or doubts related to this personal data protection declaration, requests related to their modification or cessation of processing, please contact the personal data administrator at the following e-mail address: marketing@techiet.eu
